### Visitors

The Cornerstone Academy Trust needs to collect, store and process data on individuals that visit our premises to be able to maintain security and ensure the safety of our pupils and staff. Only essential data is held and there are clear processes in place that govern how we collect use, store and share the data.

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use your personal data.

#### Data Controller

As a public authority, we are a 'data controller' which means that we are responsible for deciding how we hold and use personal information about you.

The Cornerstone Academy Trust is known as the 'Data Controller' for data protection legislation purposes and is registered with the Information Commissioner's Office (ICO).

Where personal data is transferred outside the UK or EEA to a country that is not designated as 'adequate' in relation to data protection law, we will ensure the personal data is adequately protected using International Data Transfer Agreements, appropriate security measures, and other appropriate safeguards.
